The Fairview Globe, after one year's life, has been discontinued by the Globe Printing Co., and the World has been established by Messrs. Barnett and Fincannon, with which is consolidated the Newtonia News-Herald and School Bells, a publication edited by Prof. J. Turner Horner. The Globe has had splendid support by the Fairview business men since its establishment, and the World, under the present management, will probably fare as well. The change as above noted is owing to the fact that the outfit with which the Globe was published was leased from the editor of the Granby Miner and under the terms of the contract the paper was to be turned over to him should the plant be not again leased. The paper will be planted with a new outfit. Success to you, gentlemen.—Stella Record.

Tallest Man In The World Dies In Texas.

Texarkana, Ark., July 5.—L. H. Thurston, known as the Texas Giant," and believed to be the tallest man in the United States, died at his home at Mount Vernon, Texas, sixty miles southwest of here, last night. He was 77 years old and a veteran of the civil war. He stood 7 feet 7 inches in his stocking feet.

Mr. Thurston was an old Confederate soldier and caused much amusement once when a colonel ordered the "man on the stump" to stand on the ground.

A Narrow Escape.

Four young people had a narrow escape from drowning on Sunday afternoon after the rain storm. Roger Mathews, Dick Mills and Misses Gladys Price and Maude Gibbons were returning from Peirce City and tried to cross a ford which was unfamiliar to them. The water was up and they drove into a hole about fifteen feet deep. They were washed down stream.

The young men rescued the girls and cut the harness from one horse so that it swam out. The other horse drowned before they could get it out. The rig was from a livery stable and the boys will have considerable damage to pay. All concerned are thankful to have escaped with their lives.

Earl Chalmers Wylie and Miss Elizabeth Roper were married Tuesday, July 6 at 8 a. m., Rev. S. F. Stevens officiating. The marriage took place at the home of Mr. and Mrs. W. H. Carleton.

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold—your lungs are inflamed, and the inflamed bronchial tubes, don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label! If poisons are in your Cough Mixture, 'Good!' Very good! Hereafter for this very reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

"ALL DEALERS"

First Anniversary

With this issue the MONETT DAILY TIMES completes the first year of its existence, and the proprietor is proud of the fact that it is generally conceded that it is now the best paper published, not only in Monett but in Barry county.

When we consider that during nearly three-fourths of the past year we have been in the midst of recovering from a far reaching panic, we feel greatly encouraged at the fine showing we have made.

While it is true that we have not received quite the support from our advertisers that we were promised, or were led to expect, yet, when we take into consideration the closeness of the times and the money shortage both in the city and country, we can see no cause for complaint.

With brightening business prospects there is no reason why the TIMES should not make greater strides forward during the coming year than has been accomplished in the year just closing.

Our past policy of always trying to be on the side of right and for the people's interests, rather than for personal interest and private gain, as was shown in the Municipal contest just closed, has received the endorsement of the best men and women of the community and will be our policy in the future.

We promise our readers our best endeavors in the year to come to make this the best newspaper in Southwest Missouri.

Sheriff Newman, of Cassville, passed through the city this morning on his returned home from a trip to Jefferson City and Ft. Scott.

Misses Sarah and Helen Lenhardt will depart tonight for a trip to San Francisco. They will go to Kansas City and travel from there in the Elks special.

While attempting to cross in front of a Frisco train Saturday night at Fredonia, Kan., C. W. Smith, a resident of the city was caught between the wheels and instantly killed.

The 5-year-old son of Mr. and Mrs. Shonk, in West Monett, caught his finger in a lawn mower Monday and cut it so badly that Dr. Jones was obliged to amputate the member.

Walter Perry spent Monday at Carthage, where his wife is visiting her parents, Mr. and Mrs. J. B. Kreyer.

Mrs. D. T. Taylor returned Monday from Texas where she had been visiting for a couple of weeks. While there she purchased a tract of land as an investment. She will go Tuesday to Memphis where her husband has a responsible position with the Frisco and where they expect to reside.

Keep This for Reference

"I marvel at your blindness," says Cummins, of Iowa, to Aldrich, of Rhode Island. "You are subjecting our party," says Cummins to Aldrich, "to unmeasured ridicule, unlimited criticism and eventually to inevitable defeat and destruction."

"The senator from Rhode Island will not discredit us," says La Follette to the senate. "Instead he has only discredited his own leadership before the senate and before the country."

"We will have much more trouble explaining somebody else's vote to the people than our own," is what Clapp, of Minnesota, says in reply to some of the Rhode Islander's taunts.

The copy of the Congressional Record reporting the debate in which these amenities occurred is worth filing for reference after the congressional election of next year.

If Mr. Aldrich is not riding the republican party for a fall there is no truth in prophecy. The direction in which he is trying to lead the republican party is one in which it has already said it does not wish to go. And marching close at his heels are the republican bolters of the senate who for some inscrutable reason, would rather follow him into the ditch than obey a party mandate.—St. Louis Republic.

Congressman Morgan was in the city for a short time Tuesday morning on his return to Washington after a short visit with his family. A reporter of the TIMES received his assurance that he would do all in his power to secure free delivery for Monett.

A church in Independence has adopted the coatless custom. The pastor advised the men that on hot days they need feel no hesitation in coming to church without coats. A three-quarter hour service would also be appreciated.

J. W. Armstrong's house, which is occupied by Chas. Wines was struck by lightning Sunday. The roof was slightly damaged and part of the weather-boarding was knocked off.

The dry wave that is sweeping over the country is hitting Uncle Sam and the brewers pretty hard. In Milwaukee alone the reduction in internal revenue receipts for the fiscal year just ended was \$322,000.—Springfield Republican.

Mrs. Will Stocker has returned from a visit at Neodesha, Kan.

What Woman Is

A young and precocious poet of the South, on being asked to contribute to a lady's album, has, according to a Paris contemporary, given the following as an answer to the question, "What is a woman?": To a painter, a model; to a doctor, a subject; to a farmer, a housewife; to an invalid, a nurse; to one without occupation, a plaything; to a Parisian, a dowry; to a naturalist, a female; to a Huron, a beast of burden; to a Roman, a woman of the world; to a college don, an angel; to a poet, a flower, and to a Christian, a companion.—London Globe.

Base Ball.

The game Saturday between Monett and Rogers resulted in a victory for the home team of 4 to 2. The visitors put up a good game but could not make the scores.

Sunday the game was rained out. Monday the home team trimmed Joplin to the score of 10 to 0. Joplin worked hard but were out of their class. The home team did excellent work, especially the battery.

On Sunday July 4th Mr. and Mrs. B. W. Withers entertained 98 relatives and friends at their home 4 miles south of town. At the noon hour when the baskets were all emptied a long table was bounteously filled with everything good to eat that satisfied the inner man. The afternoon was spent in singing and general conversation. Ice cream, cake and lemonade was served all afternoon. Late in the afternoon the crowd dispersed, each one having fully enjoyed the day.

Carmen Picnic.

The Carmen and their families enjoyed a picnic in Forest Park on Monday. They had dinner and supper in the grove. In the afternoon the north town boys and the Carmen had a game of base ball. Lemonade was plentiful and everyone had a jolly time.

The Sunday School of the M. E. Church South on Monday was a success. The day spent at Sidewy's ranch was an ideal one. Sixty-five Sunday School pupils were in the crowd. The boys especially enjoyed the bathing and the game of ball. They returned home at a late hour after a day of solid enjoyment.

A picnic party spent Monday at McDowell and report a fine time. There were in the party Mrs. Hulda Badger, Miss Elsie Salzer, Miss Mabel Mills, Mrs. Parker, of Springfield, Fred Salzer, Fred McClelland and Ed Burris.
